

NASDN has received several generous donations to help handlers buy protective equipment for their K9 partners. We hope to assist as many NASDN members as possible in buying this sort of equipment. Additional donations to this fund are welcome.

The following equipment qualifies for funding:

- Protective dog boots
- Cooling vests
- Lighted equipment for the dog to wear
- Floatation devices

You may apply for some other item you think should qualify as protective equipment for your Search Dog. Contact an Officer or Board Member if you would like the Board to consider it in advance.

These funds are available to all NASDN members.

A request may be applied to one item. (a set of boots would be one item)

Each member may apply once per calendar year.

The member's request must be submitted within 30 days of the qualified purchase.

Requests from members may be submitted starting March 1, 2010.

Requests from NASDN Officers or Directors may be submitted starting April 1, 2010.

The program will be suspended when the donated funds are distributed.

NASDN members will be notified when the funds for this program have been exhausted.

The amount of reimbursement will be based on the actual price paid for an item of protective gear, not including shipping and handling costs. Items purchased for:

\$20.00 - \$90.00	qualify for	\$20.00
\$90.01 and up	qualify for	\$35.00

You must use the attached form to request reimbursement and attach a legible copy of your receipt.
